10:25am	Race 6 - K - 2 Combined 1K

Awards 10 - 15 min after each race Pick up by Coaches

### **Volunteers Supporting the Race**

All volunteers are asked to arrive at 7:30 to receive instructions about their duties during the race and allow time for the League Director to place volunteers where needed.

### **Coaches Meeting**

All coaches are asked to meet at the Directors table to receive last minute instructions from the League Director.

### **Administrative Announcements**

Administrative announcements are made to the crowd followed by a prayer by the host school member and honors to the nation by the host school.

### **Race Sequence**

The following race sequence is followed as closely as possible. Delays or faster start times will be announced over the PA system at the race. Coaches are asked to have their runners at the start line at least 5 minutes before the start time for starter instructions.

### **Parking**

Parking lots on both sides of Bishop Snyder are available for use. We will be blocking off 1 strip of parking near the tree line and some adjacent spots for the race.

### **Bathrooms**

Open on the track

### **Team Tent Area**

Teams may set up on the grass in the fenced area on the north endzone (normally where tents are set up during track meets). We ask that coaches, team officials, and athletes are the only personnel in the tent area to limit traffic in the area.

**DOSA-CC**  
**BISHOP SNYDER – MEET 1**

### **Spectator Areas**

The starting line and finish line will be visible from the stadium bleachers. Spectators may view the races anywhere they wish outside the roped off areas around and along the course if they wish. Please stay out of roped off areas and off of the track and infield.

### **Water Station**

There is a water table for runners at the finish chute. Coaches are highly encouraged to bring additional water for their teams.

### **Concessions**

TBD

### **Start Line**

Start line is in the middle of the infield close to the south end of the stadium. Start box assignments are located on your coach's packet. All races start in the same box. The starter will have box assignments also. Athletes are asked to enter and exit the start boxes from the visiting bleacher side. Those side gates will be open for entry to the infield.

### **Finish Line**

The finish line is adjacent to the start line on the infield. The finish chute area is roped off, only race officials, coaches and volunteers are allowed in this area during the meet. Please keep runners away from the finish line who are not in the race.

### **Course Markings**

The entire course is marked with colored cones on both sides of the route. In cases where there is a tree line or fence on one side of the course cones will mark one side of the course and the tree line or fence will serve as the boundary of the other side of the course path. Flags and turn signs will mark the turn for different courses. The path to the course will also be painted on the ground at key turns.

### **Presentation of Awards**

We will announce all award winners after all races have finished. We ask that the coaches come and collect awards for your team.
